## **Columbian Club Report**

### **Brother Knights**

Columbian Club had a good month starting with Ed Lenart's annual steak dinner the end of November & continuing with Decembers Monday night football sessions. Our new TV was installed and now offers the benefit of watching more than one game at a time.

The Christmas social held in our bar area was enjoyed by all. ReMax 1<sup>st</sup> Advantage once again rented our facility for their annual Christmas party.

Columbian Club President  
2009-2010

### **Words of Wit & Wisdom...**

#### **Then and Now**

**Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as you can.....**

**Nobody makes a greater mistake than he who did nothing because he could only do little.**

### **BLOOD DRIVE**

Our blood drive on Nov. 28<sup>th</sup> brought in 24 pts of blood out of 30 people who signed up. Special thanks to our council members; Jim Matits, John Brower, Paul Tornambe, Sean Keaveney, Tom Patten, Kevin Uszenski, Joe Travostino, Bob Sabo, Ken Wahl, Ed Lenart. Gerry Stamato, and Bill Dowling who signed up to donate. God Bless you all for rolling up your sleeve.

Bob Banasiak, PGK

## KNIGHT VISION

Ever so often, some act will occur that jolts us out of our moral complacency and forces us to act. The most recent of these is the issue of same sex marriage that will come to a vote sometime in January.

Same sex relationships have been with us since biblical times and have always been tolerated or accepted by some and outright rejected by others. Why this is will only be known to God.

In modern times this same condition still exists, but now, depending on your point of view you are considered either among the enlightened or unenlightened and may even be labeled homophobic if you speak out.

We may think that the real threat to our age old tradition of marriage lies in a single voting session but the real danger comes from conformity. There are those among the masses who would change their virtue like they change their shirt. Their values are dictated to them by some TV personality, news station, or on line blog.

I myself, have always adhered to a live and let live policy and been sympathetic to those who for some reason could not find general acceptance in main stream society. As I see it, tolerance is a two way street and there comes a time when I insist that my values and traditions be respected and we try to settle for a peaceful coexistence.

Marriage is and always has been the union of one man and one woman and even those among the so called enlightened should see that this is what's best for the future of society.

A list of representatives is available on our website @ [www.woodbridgekofc.org](http://www.woodbridgekofc.org). Our supreme council has made this issue a Number 1 Priority and encourages us to make a special effort in making our position known. We should also let them know that our values will never be compromised and there are those of us that will never conform to a state of same sex marriage.

In closing, I would like to add that this is not just a matter simply of religion but will greatly affect us as a society in ways we cannot foresee.
